

Meet The 2023 Candidates For SECA President Elect

What are some of the future opportunities for SECA that excite you?

Crystal Campbell, SC

The greatest opportunity for SECA that excites me is the opportunity to grow and to help shape culturally relevant pedagogy, build on diversity, equity and inclusion, and be a leader in the quest to eliminate systemic racism that often occurs in child care and schools. What a great time to demonstrate how “all men are created equal”. It starts with building a solid foundation of love, increased self-esteem and trust in our children. I am really excited about SECA being a change agent in this area. We have begun with conversations hosted by our current president and I am sure that it will continue with future administrations. I look forward to our organization showing the world how it can be done. Oh, the places we will go!

Collette Sawyer, OK

I look forward to:

- Working with the representatives from each state, finding out what they are doing and how we can serve them.
- Planning and participating in the annual conference.
- Advocating for children, families, and providers.
- Elevating the field of early childhood.

We'll periodically publish candidates bios, articles, videos on the SECA website at www.seca.info/presidentelect.
